service rules framed by Government in respect of all Government Industrial Concerns in the State" apply, no deviation in respect of these works alone could be made. The Labour representatives are not satisfied with the explanation of the Management and they press the demand. The Management regret, it is not possible to accept this demand.

9. *Lastly, Demand No.* 4 :—Asking for the raising of the jobs of Stove tender, First Helper and Tapper to the first grade of appointments. The Labour representatives urged that these jobs were attendant with risk and should be raised to the first grade of wages and that these workers were stagnating without promotion in the second and third grades. The Management pointed out that the wages in various sections have all been fixed after detailed consideration of the type of work and that the scale wages was introduced as recently as July 1942 and that no revision is possible now, and that individual cases of hardship are considered and decided from time to time and necessary relief given on the merits of each case. The Association representatives are not satisfied with this explanation and they press this demand. The Management regret, it is not possible to accede to this demand.

10. All possible ways of settlement were explored, but the parties did not come to a settlement in respect of any of these demands. The Proceedings thus ended in failure, which I hereby report.

11. I request that this report may be published in the Gazette, as required in the Sub-Section (4) of Section 12 of the Mysore Labour Act.

I have the honour to be,
Sir,
Your most obedient servant,

NAVANEETHAM,

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE.

New Delhi, dated the 25th September 1946.

PRESS NOTE.

Capital Goods Registration Scheme. Machine Tools.

The capital Goods Registration Scheme has so far been applicable to Machine tools covered by the Machine Tool Control Order, 1941, only if the f.o.b. value of the tools is expected to exceed Rs. 10,000. The Government of India have been considering the possibility of raising this minimum limit with a view to facilitate the expeditious disposal of a larger number of applications for imports which are generally required only for maintenance and replacement purposes and they have now decided to raise the limit to Rs. 25,000. As a result of this decision only machine tools whose f.o.b. values exceed Rs. 25,000 will henceforth require to be registered under the Capital Goods Registration Scheme and applications for licenses for the importation of machine tools of lesser value should be addressed direct to the Machine Tool Controller, New Delhi.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE.

New Delhi, dated the 19th December 1946.

PRESS NOTE.

Import of Capital Goods: Revision in Procedure.

The Capital Goods Registration Scheme which was introduced in December 1944, has been abolished. In future, therefore, it will not be necessary for intending importers of capital goods to apply for prior registration of their requirements. They may now apply straightaway for licences.

Applications for capital goods which relate to industries for which post-war planning has been approved by the Government of India will be dealt with in accordance with such plans. Those relating to industries for which plans have not yet been approved by the Government of India will be considered on merits by the Chief Controller of Imports in consultation with the Government of India, Inter Departmental Capital Goods Import Committee which meets once a fortnight. Applications relating to the Cotton Textile Industry, which is a planned industry, will continue to be dealt with by the Deputy Chief Controller of Imports, Bombay, and those relating to other capital goods will be dealt with by the Chief Controller of Imports as heretofore. The definition of the term "Capital Goods" will remain the same as at present.
